1. Beauty resides here, but nothing like the beauty in My house, in My house in My kingdom—beauty, beauty, beauty. How beautiful are the feet of those who bring good news, good news, My good news Ted. How beautiful are the feet, the tongues, that share Me, speak forth My praise and reflect My character, speak My words, live My life of sovereignty over men—as a yielded vessel—a yielded vessel, a nimble heart.

2. There's beauty in My nimble hearts, beauty Ted, untold beauty. Untold beauty, Ted, beauty untold, that needs to be told. That's why I'm calling you to loose the mouths and pens and feet of those who have My good news, and yet have not told it, shared it, printed it, published it, emailed it, web'd it, MP3'd it, CD'd it—digitized and replicated it—for mass distribution to My hungry.

3. So many are not hungry Ted, their full, full of themselves and mammon, walking so contentedly, professing Me as their blessor, when I haven't blessed what they're doing at all—they're doing on their own, in their own power, in My allowance.

4. So many confuse My allowance for My over-abundance and think My over-abundance is what they are achieving on their own, for I gave many gifts to man—men and women, boys and girls. And if they want to move in their gifts in the marketplace, I often allow it. It's their gift and their choice.

5. But Ted, prosperity of achievement is not My over-abundance. My over-abundance comes in many forms and many ways but mostly in relationship—loving relationships, fulfilling friendships, and continuous connections—with people of like mind and like values connected throughout My body.

6. Oh Ted, confused, so confused, so confused are so many who think they know Me so well, who walk in their flesh and purport to do all in Me, and confuse the simplest heart motives of their own, and others. Your statements about success are right Ted. Most confuse success with status and accolades from others and Ted, your 'large numbers.' Most think success is driven by numbers—numbers of souls, numbers of people, numbers of employees, numbers of sales, numbers, numbers, numbers.

7. Ted, I am not into numbers. I am into Me and Me is the will of My Father. We are one and I want only what He wants and He wants Me and He wants you and I show you His kingdom through Me. I want you for Him for He wants you, and all of these things work, revolve around, and pivot on—relationship.

8. Braggadocios about numbers I am not, and you are not to be either, ever, ever Ted, ever. Be careful, very careful about how you present numbers as the gauge of your success, and play not into the indices of mammon, rather into the indices of My

relationships and connections of global consequences and consternation-dissolving power, disappointing the strongholds of wrong thinking in My people.

9. I do not want money. I don't want large numbers. I want obedience in nimble hearts of friends who passionately pursue Me and live life to the fullest in My big adventure. I want to elevate and escalate and pour forth My love and passion and creativity upon those who will receive Me and pull upon Me, for My heart is open, and my driveway is clear, and the vehicles of mass measure are in motion to deliver the goods of My kingdom to the hearts nimble enough to receive.

10. I want you. Why would I want your money if I can have you? Why would I revel in your large numbers of indices of things not of My design for you?

11. The Cross, the Cross, the Cross, how many times have you spoken about, and thought of the Cross as the starting point for every believer in Me? Ted, kneel, believe, receive, get up, and go, but be one with Me still. Tell them to be one with Me still, and not to segment indices of flesh as My indices of success.

12. My relationships with My people are fruit Ted. Why would I applaud My people for doing that which takes them away from My design for them, when My design implicitly contains over-abundance for them?

13. My over-abundance comes in people, through people, with people, for people. Ted, this is how I work. I work not through mammon, I work through My handiwork. My handiwork is My creation, My creation, My creation. Mammon will come and go. Large numbers and fleshly empires of esteemed success will come and go. But Me Ted, and My friends, those who have put their arm around Me, and let Me put My arm around them, and talked and walked together in the cool of the day, the cool summer breeze, the cool of the morning, the warmth of the sun, Ted, these will strengthened be, and walk with Me forever in a realm available to My creation all.

14. I work through humility in hearts humbled before Me. Humble be. Honoring be. I work through the honoring—and honor the honorable—those who know Me and Mine and each other, in Me, through Me, with motives of Me.

15. I come Ted. I am coming to the common man and those who like it least are those who lose control. Flesh always wants to control. Spirit—My Spirit—always wants to set free. Enmity between control and freedom—which one will you choose Ted? You've chosen and freedom you chose and freedom you choose to impart to others, to soar them out of the barricaded barns of derelict provision—no provision—into My provision.

16. I want My people to see My world with different eyes, and think with different thoughts, and humble be—in power—meek—in seeing what I'm doing and why I'm doing it, and allowing, even wanting, them to be a part, and play whatever part they want to play—it's up to their maturity—what part they will play.

17. It's up to them—how they choose to define success—not Me. I've defined it. And I'm pouring out My words and My plans and My power on those who have come and are coming—they will know My definition—for they've sought and paid a price to receive My delicacies.

18. You Ted, have had so little money, but know you had the greater things—My promises to you—My words to you—My revelations of My heart—and you failed not—you shrunk not back, but you've stood up and now Ted, all provision is yours—and all your promises—those I've given you—are yours. They were, and you knew it—and they are, and you know it. And now Ted, you can have it all.

19. Your heart pants for Me, only for Me, and Ted, as long as you pant only for Me, and turn My people to Me, to Me, I Ted, will provision your lack and over-abundance will be. I've already told you, told you several times.

20. Now come here often, come here often, come here often to this special place and I will reveal hundreds and thousands of secrets revealed—to you. You are My man, walking in power boldly, in meekness full, in humility and honor, and deferring to My lambs.

21. Continue to stand strong in the confidence I have for you that I am doing a new thing and Ted, this is it—this is a major part of it—coming and sharing Myself with My people who want Me enough to spend time with Me and set aside their token theologies so I can speak through them and heal them as I do, and as I speak to generations behind them.

22. Oh Ted, tell them all, they can be writing My words—in purity—in conscience clean—in Me—for them and for those around them and behind them.

23. Read My word again—some will err—some will err small, some will err big, but all must mature, and how My people gauge success, determine success, discuss success, seek success, Ted, must change—must undergo radical transformation, now, today, this year, this season, for much must be done quickly.

24. Radically transform My people's definition of success and divorce it from large numbers into a quotient of obedience to calling—Ted, that's an index of My kingdom and not one from your kingdom. Your kingdom exalts flesh and control and domination and mammon and My kingdom exalts freedom, freedom, freedom and obedience.

25. My kingdom exalts the wounded heart that trembles and falls—for even having stood up. No condemnation for falling—applause for standing up.

26. Stand My people up and let no one deride My fallen, fallen, fallen. I will scorn the scorner. I will accuse the accuser. I will condemn the condemner and hang them on their own gallows, prepared and finished by their own words, their own words that came out of their own mouth, that come out of their own hearts, hearts not of My kingdom.

27. I am love. I am meek. I am powerful and I judge and you are to also. Discerning be, and follow Me, and I will make Myself known and to all I'll make Myself know, who are open to Me.

28. My handiwork Ted. Teach the verses about 'even Michael durst not bring accusation against the devil' [Jude 1:9]. I took you to those verses and gave you understanding about this. Teach it Ted, preach it and tell My body to quite opposing My body and accusing it of things not seen. I call My body to oneness, be one and mature and love My body, love My handiwork, forsake mammon and large numbers driving budgets of proportions never intended, supposedly for Me. Be Me, be Me, and let Me be Me through you, and obedience-propelled be.

29. Seek My propulsion system and let money and success of man's eyes alone, as they are never full.

30. My nimble heart, My obedient friend, is full always, full of My Spirit, full of My connections and relationships and provision provided in over-arching all-encompassing altogether loveliness of love, reproduced from My heart to My people, and from My people to My people.

31. Ted, enjoy your meeting with DeLayne and let her do what's in your heart, for she is talented and devoted to Me. I have blessed her and raising her up I am, in dimensions and areas she will shun at first, but blossom in soon. Tell her I love her and appreciate what she is doing for Me, for you, for My body. For My body needs her. My body needs many DeLayne's and Ted, you will soar many.

32. Now go and enjoy and smile and let no accusation rob your peace. You go in My words, you grow in My words, and you launch all into all they choose to, in the maturity they've chosen, in Me.

33. Gary, Gary, Gary [Dundee], I thank you, thank you, thank you. You shall see, directly correlated from Me, My provision for your provision, for your obedience. Laugh and smile and family enjoy, for I am answering your prayers. Freedom, solutions from My throne to your heart. Provision, from My kingdom to your kingdom.

34. Ted, tell all to smile more and enjoy Me and look for Me in these words I have given you, and contemplate not a writing style or diction they don't understand. See Me, enjoy Me, love Me.

35. Share freely with the free.
Share freely with the oppressed.
Share freely with all you can, all who allow you.

36. Tell them to write, to begin to pick up their pens and yellow tablets and begin to write to Me, write to Me, write to Me, and I shall soon write to them, through them, on their own yellow tablet, and healing will I bring, relationships restored, salve for the wounds, forgiveness for the past, and strength for the future, strength for the now, great strength for the future.

37. Tell them, tell them, tell them, and Ted, tell them all to pick up their pens and patient be, but not silent be, write, write, write to Me, for Me, with Me, to Me, and let them—Me write. And write I will. For you Ted will birth many for Me and answer their questions.

38. Begin your school for scribes and maturity-seekers in Me, and the armies of warrior-producing-generals, I will bring you.

39. Ted, much joy, much responsibility. All is escalating, even today, for you chose to honor Me today in your circumstances, and for where you are, and what you're doing at this moment, I will, I do, honor you.

40. Write more. Come more. Get ready and teak them all with you, who are ready. Take Gary, take Galiga, take the mighty I bring you, and the patient that you mighty.

41. I love you. I thank you. I bless you. I bless them. I come. I come. I am there, with you, now.

42. Go, go, go get your tablets, oh hearer, oh reader, and forsake not My instructions through My servant. Turn on your computers and write. Turn on your publishing and write and publish and embarrassed be not ever. Afraid to fail—never. Go grow, stand up, and let Me stand up in you and the new things I am doing in My handiwork this day. Thank you. Thank you. Thank you.

43. Thank you Ted.
Thank you Ted.
Thank you.
I thank you.

44. Please Ted, please come more. Please don't rush Me. Please don't rush Me. Please come, please, please, please. Please, I promise, I have already promised, all other things and aspects of your existence and growth are in Me, and provided. Please come, please come, please come.
